Ménage à Trois

HOT PINK SWEET ROSÉ BLEND

the sweet collection

VARIETAL INFORMATION

Sweet Rosé Blend

WINE ATTITUDE

Here at Ménage à Trois, we don't follow the trends—we set the trends. And we predict that Hot Pink will be the color on everybody's lips this season. Bright, sassy and sweet, we've elevated the blended rosé game with our latest addition to the Ménage à Trois Sweet Collection family. It's the perfect accessory for food, friends and fun. No matter where you are or what you're doing, we think Hot Pink will look great on you!

VINEYARD AND WINEMAKING

To deliver an extravagantly sweet wine experience, our winemakers set their sights on California vineyards known for producing white varietals with lush, decadent fruit flavors and supple body. They began with a rich white blend as the foundation for this sweet rosé blend and added French Colombard for brightness. To increase varietal intensity, winemakers cap and drain the grapes then cold-ferment the wine at 50° F to preserve the fresh fermentation aromas. 100% non-malolactic fermentation maintains crisp acidity, perfectly balancing the sweet, indulgent fruit flavors. To make Hot Pink even more appealing, winemakers elevated the carbonation and enhanced the wine with natural strawberry, raspberry and pineapple essence.

TASTING NOTES

Prepare to make a colorful splash with Ménage à Trois Hot Pink! An irresistibly deep pink in the glass, this dazzling rosé blend captures your heart—and palate—at first blush. Alluring floral aromas lead to lip-smacking flavors of summer strawberries, honeydew melon, and tropical pineapple lifted by a raft of light carbonation. Decadently sweet with a crisp, fresh finish, Hot Pink will always be in style.
