WINE ATTITUDE

Leading a balanced, well-rounded lifestyle doesn't mean you have to completely give up drinking wine; instead, may we suggest our delicious California Light Red Blend. It's bursting with all of the bright, sweet red berry flavors and luscious mouthfeel you'd expect from Ménage à Trois, but with just 90 calories per serving. High in sophistication and style, but lower in alcohol content, this Light Red Blend is ideal for times when moderation is on the menu.

VINEYARD AND WINEMAKING

For our Light Red Blend, we wanted subtly sweet, juicy berry flavors and a bright finish, so we chose a combination of Zinfandel, Merlot and Cabernet Sauvignon for the blend. We pressed off skins early to minimize heavy phenolics and followed an aggressive early pump over regimen to extract softer tannins before aging the wine on a blend of French and American oak staves. These nuanced techniques resulted in a blend of great finesse, with full flavors, light body and a bright finish.

TASTING NOTES

A gorgeous garnet color with fresh berry and spice aromas, this lush, low-alcohol red wine delivers all the great flavors of your favorite red blend, but with only 90 calories. Reignite your excitement for red blends while following a 'better for you' lifestyle with juicy red raspberry and bright cherry flavors leading to a smooth, satisfying finish on the palate. Serve lightly chilled for a deliciously fresh experience.
